QUOTES HARDEN ON BERLIN NOTE

New York Stock Exchange Experiences Greater Activity as Result of Encouraging Rumors.

New York, May 3.—Prices hardened and activity increased, intimations of an early and encouraging statement from Berlin being the chief factor. Gains of 2 to 4 points were numerous, the rise being attended by extensive short covering. Mexicans continued strong, despite reports of further confiscation of foreign owned concessions. Coppers responded favorably to the extra dividend on Smelting and the remarkable annual statement of Anaconda. United States Steel was in better demand and Reading and Norfolk & Western were among the firm rails. Minor but general reactions occurred before noon, the market then showing apathy. Bonds were irregular.

PRICES CLIMB TO A HIGHER LEVEL

Wheat Quotations Assumed an Upward Trend Following Reports of Crop Damage in Oklahoma.

Chicago, May 3.—Reports confirming green bug damage to the Oklahoma crop turned the wheat market upside today. Initial declines were ascribed to improved weather in the northwest and better outlook for spring seeding. Liverpool advices that arrivals were inadequate and that shipments from India had been stopped tended to lift prices. The opening, which ranged from 1/4c off to 1/4c up with May at 1.14, 1.15 and July at 1.15 1/4, to 1.16 1/4, were followed by a moderate upturn all around.

Subsequent reports that prices of Manitoba wheat at Liverpool had undergone a decline led to a material setback here. The effect though failed to last, being more than offset by export sales aggregating 1,000,000 bushels and by assertions that the Hessian fly in Illinois had caused some plowing up of fields. The close was firm, 1/4c to 1/4c net higher, with May at 1.15 1/4 and July at 1.16 1/4.

Corn sagged in sympathy with the early weakness of wheat but showed no power to rally except in the May option which was being purchased by elevator interests. After opening unchanged to 1/4c down prices averaged slightly lower than yesterday's finish.

Fair, warmer weather prevented any decided advance. The close was steady, unchanged to 1/4c higher.

Oats eased off owing to the bearish action of corn. Buying was scattered.

Larger receipts of hogs than expected led to declines in provisions.

Postal Receipts Indicate Gain.

Good business conditions in Davenport are indicated by an increase of \$1,960.69 in the postal receipts during the month of April over the same month last year. The total for April of this year was \$28,190.35. Stamp sales alone were \$25,417.95.

To Build Hard Roads.

At the meeting of the supervisors of the county yesterday, a contract was entered into with the Iowa Wood Fiber Asphalt company, a new concern in this state, to build 840 feet of permanent road, 16 feet wide. The new material has never been tried in Iowa but has met with much success in the east and in the south where the producing companies have used it extensively. Frank C. Stanford, representing the company in Davenport, appeared before the supervisors and made a report on its value and durability. He made such a low offer and had such a good guarantee that the supervisors accepted his terms.

Will Build Parish House.

The annual meeting of the parishioners of Trinity Cathedral parish brought out the news that the new parish house would be built this summer at Twelfth and Brady streets. The report of C. M. Cochran, treasurer of the parish house building fund, showed the sum of \$31,110 in hand or in sight, and that of this amount \$17,500 was cash in the bank.

Many at Commencement.

Something like 1,200 persons, the fellow students, relatives and friends of the graduating class of the Palmer School of Chiropractic, attended the commencement exercises of that institution Monday night. The class colors, green and white, were tastefully draped about the walls, suspended from the chandeliers and found impressive expression in the bower of ferns and white sweet peas which constituted the stage decorations.

Obituary Record.

The remains of Charles F. Rambo, accompanied by his wife, Mrs. Augusta Rambo, arrived here yesterday from Minneapolis, where he passed away last Friday. The deceased was born in Davenport May 4, 1855, and made this his home until 19 years ago when, with his wife, to whom he was married at the Fourteenth street Methodist church, May 1, 1870, he removed to Minneapolis. He is survived by his wife and one sister, Mrs. L. A. Desaint of Davenport.

ALEDO AT A GLANCE

Daily Doings in Mercer County's Busy Capital

Represented in Literary Events.

William and Vashti college will send four representatives to Rock Island May 5 and 6 to take part in the literary contests to be held there at that time by the Illinois Association of Literary societies. Miss Anna Hebel will represent William and Vashti in the girls' declamatory contest; Olive Matchner, in the piano contest, and Mildred Phillips, in the essay contest. Besides the three young ladies, Carl Swanson will uphold the local school in the boys' declamatory contest. This is Vashti's third year as a member of the Illinois Association of Literary societies. Two years ago Thomas Bartie won second place in the boys' oratorical event. Last year Miss Hebel and Miss Lois Verrees placed third in the girls' oratorical contest and girls' declamatory contest respectively. Sixteen schools were represented last year and William and Vashti was the only small college that placed. Miss Hebel was, at last year's meeting, elected vice president for 1915-1916. At that time a desire that the contest this year be held at William and Vashti was expressed, but it was not convenient to extend the invitation then.

After careful consideration, however, it has been decided to tender the invitation for next year's contests to be held here. Should the invitation be accepted it will mean a great deal of work and expense to the literary society of William and Vashti. It will necessitate the buying of all medals for the contests, and the entertainment of at least 30 guests from different colleges and universities throughout the state. Should these contests be held in Aleido next year it will be an excellent means of boosting the college.

New Generator Has Arrived.

The new 500-horse power generator promised for so long a time by the Tri-City Light and Power company, has arrived and is being installed. This generator is to be used in emergency cases. A like generator is already installed at Keithsburg so that in case of another accident the entire system can be lighted. When the work is completed Aleido will have a service of the highest standard.

Unclaimed Letters.

Letters remaining in the Aleido post office for week ending May 2: P. L. Nelson, Mr. Manager vaudeville and motion picture theatre. These letters will be sent to the dead letter office May 16 if not called for before that date.

C. E. DUVAL, Postmaster.

In Local Lodges.

The local Rebekah lodge, No. 290, last evening held its regular meeting, and also initiation exercises. Quite a large class of candidates was initiated into the lodge. Refreshments were served after the exercises.

Next Friday night the Royal Neighbors of local Rose Leaf camp, No. 87, will hold an initiation and social at their hall. A class of new members will be admitted after which a luncheon and social time will be in order.

Stock Shipments.

For Tuesday: C. Baldwin, one car cattle; E. Longley, one car hogs; J. Erickson, one car hogs.

Eleven cars came through by freight from the towns west of Aleido.

Personal Mention.

W. J. Graham was a passenger to Monmouth yesterday.

Mrs. Mary Fender went to Gilchrist yesterday to visit with friends.

Herschel Blazer was a Burgess visitor yesterday.

Miss Marion Morford of Burgess was a visitor in Aleido yesterday.

J. W. Wilson is in Kansas City on business.

Mrs. Laura McCurdy and daughter, Laura, left yesterday for their home in Cambridge after a three days' visit with Mrs. McCurdy's sister, Mrs. George Varker.

Joe Brown of Galva was in Aleido yesterday visiting relatives.

Dress Club Moves.

The Aleido Dress club with Frank Krambeck as proprietor, is changing headquarters today. On account of the probable sale of the Transit building, Mr. Krambeck is moving into the basement of the Carlson building, formerly occupied by James Haymaker.

FOR THE PUBLIC SERVICE

WHAT THE PEOPLE SHOULD KNOW

DRIVERS OF TEAMS.

If you were in a street car and in a hurry to get home it would try your patience if a teamster held the center of the track for several blocks.

Our cars are confined to the tracks, and if you do not heed the bell of the motorman the public will soon condemn you as ignorant of the rules of the road.

We wish to furnish rapid and convenient transportation, but without your cooperation we are badly handicapped.

Don't drive so close to the track that an accident will occur. The motorman has his mind on every move you make, but he cannot read your mind.

If you wish to turn across the track wait until the car has passed. It will only take a moment, and by your cooperation the service will be bettered.

THE TRI CITY RY. CO.

WEATHER OBSERVATIONS

U. S. Department of Agriculture Weather Bureau.)

Rains in the Mississippi and lower Missouri valleys, the west gulf sections and the lake region have resulted from the southeastern storm which has moved northeastward to the lower lakes. Another storm which is central over Alberta and Saskatchewan is causing higher temperatures in the Canadian northwest and Montana. The crest of the northwestern high has advanced to Colorado and temperatures near the freezing point prevail on the northeastern Rocky mountain slope and as far eastward as western Minnesota. The eastward movement of the Colorado high and the northwestern low will be attended by fair weather in this vicinity tonight and Thursday with warmer Thursdays.
